Professional Experience

SAP Labs India

Bengaluru, India

Commerce Provisioning Team

03/2025 – Present

- Provisioning the SAP Commerce Cloud solution by integrating multiple SAP services for a seamless customer experience.
- Using Java, GitHub Actions, and Identity Authentication Service (IAS) for scalable provisioning flows.
- Collaborate cross-functionally to automate and streamline solution integration, enhancing customer experience.

SAP Build Core Team

06/2024 – 02/2025

- Developed and optimized the lobby side-pane section using Angular and NGX frameworks.
- Wrote clean, type-safe front-end code with TypeScript and performed backend cleanup with Spring Boot.

Tenant Onboarding Team

09/2023 – 06/2024

- Engineered a centralized UI hub in Angular to streamline SaaS onboarding processes.
- Implemented a progress dashboard, scheduling page, and enhanced code quality with ESLint.
- Created a custom CRD for YAML validation in Kubernetes to ensure configuration integrity.

Education

Master of Technology, Birla Institute of Technology and Science, Pilani, India

2023 – Present

Bachelor of Engineering, Canara Engineering College, Mangalore, India

2019 – 2023

Technical Skills

Languages: Java, TypeScript, JavaScript, SQL

Front-End: Angular, React.js, HTML, CSS

Back-End: Spring Boot, Node.js, Express, PostgreSQL, MongoDB

DevOps & Tools: Kubernetes, Docker, GitHub Actions, Git, SAP Project Piper, Postman, Bruno, Jasmine, Figma

Projects

- **Blockchain-Based Voting System** GitHub Link
Built a secure, tamper-proof voting system using React.js, Solidity, Node.js, and Ganache.
- **Hotel Booking API** GitHub Link
Developed a microservices-based hotel booking API with Node.js, Spring Boot, and RESTful principles.
- **PairPlan** GitHub Link
Developed a collaborative checklist application that enables users to join workspaces, create and manage shared checklists, with secure JWT-based authentication and comprehensive API documentation using Swagger.

Certifications

- **Technical Support Fundamentals** (Google)
- **Angular Fundamentals** (Pluralsight)
- **Spring Boot 3 Fundamentals**

Interests

- Digital Drawing • Animation • Video Games • Video Making
